Hall Development Update

The DAC have given provisional approval subject to final consultations as required by the Council. Once this is concluded the faculty application will require final approval by The Chancellor.

With regard to the flooding in the carpark and drainage problems the DAC have agreed that this aspect needs to be expedited so this part of the work should be able to be treated separately and could be approved without faculty so that we can get this booked in sooner rather than later. We are awaiting costings and details of how long this work will take so that it can be booked in around our bookings and major events (and series 14 of Call the Midwife)

Tower Windows Update

This is almost complete with just a small amount of finishing off required which will be done next week.

Lunch Club Advance Notice

Chef Stefan has kindly agreed to do Lunch Club on 6th March

He will be assisted by a volunteer ex-student. We are still hoping to get some support from Richmond Catering College and are working with them to put a package in place. We will look at doing a monthly Wednesday Lunch (dates might vary depending on Stefan's availability) and possibly do some other events with guest speakers and light refreshments. Volunteers, comments and suggestions would be most welcome

Rugby Parking Sat 9th March

Volunteers needed as usual so please speak with Roy if you are able to help.

Mothering Sunday 10th March

Help will be needed to make posies and Sue Swanepoel will be co-ordinating this. Given that there is a big match on the Saturday please check with her about arrangements.
